

MY TRAVEL

1 FLY LESS, ENJOY MORE

Don't worry anymore about the weight of your suitcase, bring your own food and drinks, enjoy games with your friends or hugging with your partner.

Travel within Europe and by train

2 CAREFULLY CHOOSE THE DESTINATION

Mass tourism impacts the environment and puts ecosystems at risk. Choose your destination accordingly, in order to have the less impact.

3 TRAVEL IN AN ETHICAL WAY

The location, the choice of the accommodation, how you travel,... influences the impact on places and their communities.
