MY IT AND DATA CONSUMPTION

3% of global carbon emissions, comparable to the impact of aviation.

Streaming videos accounts for <u>80% of world's data traffic.</u>

23.4kg of **e-waste** per capita in Switzerland.

1 MAKE IT LAST & REPAIR

Take care of your IT material to make it last and repair it in a "Repair Café" instead of buying new.

2 BUY 2ND HAND AND SUTAINABLE

Buy refurbished products like smartphones etc. Choose an ethical company and sustainable product.

Recycle

3 CONTROL YOUR DIGITAL USE

Stream your videos in lower quality, store your data on hardware, delete unnecessary e-mails and photos, turn off your wifi, etc...
