

# MY ENERGY

## 1 FIRST, DO AN ENERGY AUDIT OF YOUR HOUSING

This is the first important and easy step, for which cantonal subsidies exist! It will help you identify if you first need to replace your windows or change heating system, or do both.

Check [this website](#).

Or ask your Municipality!

## 2 CHECK HOW MUCH ENERGY OR HEAT YOUR ROOF CAN PRODUCE

You want to know more on the energy or heat you can produce depending on the location of your roof, check out the **tool of the Swiss Confederation** :

## 3 CHOOSE A CLEAN ENERGY MIX

## 4 TAKE ACTIONS STEP BY STEP, OR DEMAND CHANGE TO THE OWNER OF YOUR BUILDING WITH YOUR NEIGHBORS.
